2023-2026

SKILLS

- Communication skills and interpersonal skills
- Fluent in English and Japanese
- Adobe Creative Suite
- Unity
- Autodesk Maya
- TouchDesigner
- HTML, CSS, Javascript
- ComfyUI

PROFILE

I am an XR designer specialising in 3D and creative coding, with a strong interest in creating immersive experiences using XR. I have a solid foundation in coding and building virtual environments. I want to create engaging experiences to provide an intuitive learning experience using XR platforms, AR glasses, and interactive art.

WORK EXPERIENCE

Eikoh Inc

Tokyo, Japan

Tutor

February 2023 - July 2023

- Provided one-on-one tutoring for elementary to high school students in subjects including English, Japanese, and Social Studies.
- Developed personalized lesson plans and teaching strategies tailored to different learning styles and abilities.
- Created a positive learning environment, helping students improve both academic performance and confidence.
- Analyzed student challenges and developed targeted solutions to help them reach their academic goals.

Volunteer

Remote

College Application Support

October 2024 - January 2025

- Offered private tutoring to high school students, supporting both academic and personal development.
- Assisted with English essay writing, focusing on creative and academic writing techniques.
- Provided constructive feedback on writing and portfolio structure, assisting students in refining their work to achieve their goal.
- Guided students in crafting strong application essays and compelling narratives to enhance their college applications.
